Capital Turns Out En Masse For Truman

Thanks Public From Bottom Of Heart

Washington, Nov. 5.—(AP)—The capital proudly poured forth its people and its plaudits today in roaring acclaim of a returning president who wouldn't be beaten.

From the north portico of the White House he will occupy for four more years, Harry S. Truman responded simply and humbly:

"I thank you from the bottom of my heart."

He looked across swarms of people on the White House lawn, crammed along broad Pennsylvania avenue and overflowing Lafayette park. His warm smile disappeared for a moment. He remarked gravely:

"I shall look forward to the help and cooperation of all the people because we are faced with great issues now which I think we can bring to a successful conclusion."

Barkley Shares Welcome
Sharing the tumultuous welcome, as he shared the triumph of Tuesday's election, was Senator Alben W. Barkley of Kentucky, the next vice president.

But mostly Washington and the folks of nearby Maryland and Virginia turned out to greet one friendly hand to the man who almost alone carried the Democratic banner to an upset victory.

Three quarters of a million strong, the little people and big men of government and the diplomatic corps thronged out their welcome to the chief executive.

With Barkley by his side, riding on the folded top of a long black car, Mr. Truman paraded slowly along the historic Pennsylvania avenue route from Union Station to the White House. His hat and grip were going strong.

Police Form Honor Guard
All the motorcycle police in Washington, an even 100, formed the honor guard ahead. Fire trucks swung 100-foot extension ladders across the avenue in tremendous, jangling, heaved arches. Huge banners hanging from them proclaimed: "Welcome home, Mr. President."

Ten and 20 deep, neat and womanly school kids waving a sea of miniature American flags—parker the sidewalks. More of them hung from government buildings, perched on rooftops, dangled like oversized acorns from oak trees at the station plaza.

They waved banners and balloons and tossed red paper in the festive, festive blue "I took you so" buttons. Maids in brocade, fluttered sheets and towels from upper windows.

Signs along the way read: "At poll takers and political experts who had predicted that Republican Thomas E. Dewey would capture the White House. A sample: "Truman Galloped to victory."

Spread across the front of the Washington Post building was a picture of a crowd on its back on a platter.

"Welcome home from the crowd eaters," the Post said.

Forecast Harmony In Demo Factions Of Congress

Washington, Nov. 5.—(AP)—A forecast of party harmony in Congress between northern and southern Democrats came today from two senators in the previously opposed camps.

In some separate interviews with Senator Joseph C. O'Mahoney (D-Wyo.), identified with northern and western members of the party, and Senator Olin D. Johnston (D-S.C.), one of the original leaders of anti-Truman forces among southern Democrats.

Both also predicted that the new Democratic majorities in the Senate and House will await word from President Truman before acting on price controls, housing, repeal of the Taft-Hartley act or other major campaign issues.

There's A Moral To This Story

Pittsburgh, Nov. 5.—(AP)—Maybe Ralph Gabeer should never have let his 19-year-old sweetheart be kissed by his kid brother the day she arrived from Kassel, Germany.

Because now she wants to marry the kid brother.

Elizabeth Souer flew from Germany to marry Ralph, 33, the man she met and loved three years ago. Karl, 25, was there to greet her with the rest of the family.

Says Elizabeth:

Tornadoes Sweep Four Southern States

New Orleans, Nov. 5.—(AP)—Eighty injuries and damage. And another persons were killed and 45 others injured when small tornadoes and heavy windstorms ripped through sections of Louisiana, Mississippi, Kentucky and Georgia early today and tonight.

A vicious tornado smashed through Cedarhurst in Northwest Georgia, hurtling, injuring five persons, wrecking several buildings, and leaving the town in darkness and confusion. Police Lt. A. J. Barrett said those injured were cut by plate glass blasted from downtown show windows.

Tornadoes struck early this morning at Ripley, Miss., close to the Tennessee line; near Benton, Miss., in the central area not far from Jackson; and in rural Catahoula Parish, La., about 28 miles northwest of Natchez, Miss.

A tornado also lashed through eight miles south of Vicksburg, Miss. Victims' wounds also swept the central section of Kentucky causing injuries.

**States' Rights
Demos Eye Truman
Bandwagon**

Washington, Nov. 5.—(AP)—Southern States' Rights Democrats are eyeing the Truman bandwagon today.

From States' Rights and regular southern Democrats came telephone calls to Washington sounding out the wisdom of switching any or all of the 38 electoral votes scheduled now for South Carolina Governor J. Strom Thurmond for president and for Mississippi Governor F. Lee Wright for vice president.

Any switch they made, clear, would be to President Truman and Senator Barkley (D-Ky.).

Democratic national committee representatives said the votes could be switched from the States' Rights candidates to the Democratic candidates unless specific state laws prevent it.

Southerners, who declined to be quoted by name, said they hoped negotiations to raise President Truman's electoral vote total from his present 304 to 342 would bring back to South Carolina, Mississippi, Alabama and Louisiana Democrats their "home" votes in the new national Democratic convention. "But if not," they earned it, the States' Rights voters for the Democratic presidential and vice presidential nominees in the electoral college, said Senator McGrath (D-Rt.) Democratic national chairman.

**Peoria Resident
Charged In Murder
Of Missouri Man**

Kennett, Mo., Nov. 5.—(AP)—An Illinois man sought by police in two degrees murder for the slaying of Thomas Cooksey, whose battered and kerosene-soaked body was found last night in a burning tourist cabin.

The murder warrant listed the wanted man as Robert L. Wilkinson, of Peoria, Ill., but State police said later the correct spelling is Wilkerson.

Sheriff A. C. Schultz of Dunklin county said Wilkerson had been staying with Cooksey for some time at the tourist cabin here, but that he disappeared before the body was found. Cooksey's automobile also was missing.

Dunklin county authorities expressed belief the slaying of the 32-year-old Cooksey may have resulted from a gambling argument. Sheriff Schultz said it is possible that more than one person had part in the slaying.

TRUMAN TO ACCEPT N.C. PREACHER'S INVITE TO SERVICES

New Bern, N.C., Nov. 5.—(AP)—A young preacher's casual invitation to "come down and worship with us some time" will be accepted Sunday by President Truman.

The Rev. Thomas W. Waller, 40-year-old pastor of the First Baptist church here where the Truman family will attend services, said he extended the invitation when he visited the President two months ago.

"After I invited him, he said he never could tell but that he might be down to see us some day," Fryer said. He added that he knew nothing about the acceptance until Secretary Service men contacted his wife here yesterday and disclosed the plans.

RUSSIA CELEBRATES

London, Nov. 5.—(AP)—Premier Marshal Tito of Yugoslavia congratulated Prime Minister Stalin today on the 31st anniversary of the Russian revolution. Russia begins the celebration tomorrow.

JOAN FONTAINE HAS FIRST BABY

Sanita Monica, Calif., Nov. 5.—(AP)—Actress Joan Fontaine today gave birth to an eight-pound daughter named Deborah Leslie. She is the wife of film producer William Dozier. It was their first child.

'Murder At The Waldorf' Leads To Quick Arrest

New York, Nov. 5.—(AP)—A Canadian businessman was found beaten to death in the fashionable Waldorf Astoria hotel today and less than 12 hours later police said they had a confession from a 19-year-old salesman.

Assistant District Attorney George Monaghan said tonight the salesman, Ralph Edmund Barrows, had admitted "full participation" in the fatal beating of Cameron MacKellar, 36-year-old textile company official.

Monaghan said Barrows made the admission in a verbal statement in the presence of high police officials. Barrows, six feet tall, dark-haired and well-dressed, was being held at a police station for further questioning.

Monaghan said there was "no question" that police had the right man. Monaghan said police were preparing to take a written statement from Barrows.

A pair of highball glasses and some scotch for whisky drinks were found near Barrows. A slender case left police for a possible solution to the "murder at the Waldorf."

While the glasses and the scotch indicated that the man, Colin Cameron MacKellar, general sales manager of the Dominion Textile Co. Ltd., of Montreal, had had company in his room, police said they could find no one who had seen him with another person.

He was found lying on the floor of the living room of the apartment, leased to him through the Canadian Club of which he was a non-resident member. He was fully clad but the pockets of his clothes had been turned inside out.

Chief Medical Examiner Dr. Thomas A. Gonzales said MacKellar, father of two children, had been severely beaten. He said MacKellar died of a fractured skull and ruptured intestines after being "punched, kicked or jumped upon."

Barkley Believes Price Control Acts In Offing

Washington, Nov. 5.—(AP)—Vice-president-elect Alben W. Barkley said today he believes the new Congress will approve some legislation aimed at controlling prices.

"I think Congress will deal with the subject and give the President something like the authority he asked before," Barkley told a news conference.

Mr. Truman had asked the 80th Congress for stand-by authority to limit prices of certain scarce and critical commodities, plus restricted allocation and priority powers.

Barkley, speaking to approximately 100 reporters in the big Senate chamber room, also said he thinks the Taft-Hartley labor act should be repealed and possibly replaced by some modifications of the original Wagner act. He declined to speculate on what form they might take.

He also predicted the extension of federal rent controls beyond March 1 and said he thinks President Truman again will call on Congress to exact civil rights legislation similar to that which split the Democratic party this year.

Advocate National Health Insurance In United States

Peoria, Ill., Nov. 5.—(AP)—National Health Insurance works in England and it would work here, Social Security commissioner Arthur J. Altmeyer said tonight.

Altmeyer said Health Insurance is the keystone in the administration of standards and is essential because 10,000,000 Americans are unable to afford the medical care they need.

Speaking in place of Oscar R. Ewens, federal security administrator, Altmeyer said in an address prepared for delivery to the Illinois Welfare association:

"Attacks on National Health Insurance could be summarily dismissed as ridiculous if they were not backed by powerful forces in the United States whose interest is in preserving the status quo in the medical profession."

"Fortunately there is an increasing number of younger, more socially minded physicians as well as many older and more thoughtful doctors, who see the problem clearly in terms of National Health."

Extend Search For Missing Craft In Alaskan Sector

Seattle, Nov. 5.—(AP)—Thirty-eight persons were listed today as missing on three planes along the rugged North Pacific rim.

Combined searching operations were probably the most extensive ever carried on for missing aircraft in the Pacific Northwest-Alaska sector.

At least 40 searching planes were scanning vast areas extending over thousands of square miles of land and sea between Washington State and the Bering Sea. They failed to find any clues.

Two of the missing planes are navy craft with 21 men aboard. The other is a DC-3 transport of the Pacific Alaska Air Express on a flight from Anchorage to Seattle.

A report from Anchorage, Alaska, said today it carried 17 persons. Pacific Alaska is one of the several small lines that fly the northern routes without any definite schedules.

LOSSES WOODED LEG IN ELECTION BET

Connersville, Ind., Nov. 5.—(AP)—Starr Brown was so sure of Tuesday's election that he wagered his wooded leg. He lost it to Mayor Glen Henderson, but he has it back on lease from the mayor at 30 cents a year.

American Civilians Urged To Leave China

Dulles Warns Soviets U. S. Maintains Arms

Paris, Nov. 5.—(AP)—John Foster Dulles told the Russian bloc today that the United States has stopped disarming and "intends to stop" so long as fears grip the free peoples of the world.

From the tone and manner of his speech it was apparent that a firm American policy in the United Nations assembly is shaping up quickly after last Tuesday's presidential election.

Dulles, the Republican party adviser on foreign affairs, thus indicated the election had not changed in any way the general foreign policy supported by both Republicans and Democrats.

He denounced as "vicious falsehoods" Russian charges that the United States aims for world mastery. Dulles told the U. N. political committee:

"Our growing national strength no doubt displease some; but it does not, I believe, frighten any. I ask each delegate to search his own mind and come to his own conclusion as to who and what his nation fears. I shall be satisfied with a self-reliant peace."

Taft-Hartley Bill Still Favored By Many In Congress

Washington, Nov. 5.—(AP)—A study of the membership of the new Congress shows that many members favor the Taft-Hartley labor law, which is being debated in the Senate today.

It was learned, however, that the communist-dominated Czech government had argued that the arms traffic was none of the affair of the United States.

The State Department on September 9 disclosed that it had asked the Czechs to halt the arms movement, saying it had received reports that American citizens were involved.

1. The Senate will have 55 members already on record as favoring the law at the last session of Congress. That is six more votes than the necessary majority when all 86 senators vote.

2. The House will have 238 members back who voted or were recorded as favoring Taft-Hartley in the last session. That is eight more than the needed 218 members for a majority of the 435-member House.

But these seeming majorities for Taft-Hartley may not hold up. A prime reason is that many returning Taft-Hartley backers may consider the voters gave them a mandate to change the law.

Senator McClellan (D-Tenn.), for instance, who voted for the law said 10,000,000 Americans are unable to afford the medical care they need.

Speaking in place of Oscar R. Ewens, federal security administrator, Altmeyer said in an address prepared for delivery to the Illinois Welfare association:

"Attacks on National Health Insurance could be summarily dismissed as ridiculous if they were not backed by powerful forces in the United States whose interest is in preserving the status quo in the medical profession."

"Fortunately there is an increasing number of younger, more socially minded physicians as well as many older and more thoughtful doctors, who see the problem clearly in terms of National Health."

College Freshman Commits Suicide; Admits Killing 5

Pavettville, Ark., Nov. 5.—(AP)—B. Tennison, 17-year-old University of Arkansas freshman was found dead in his room here today. With a suicide note describing himself as the notorious Texarkana "Phantom Killer."

Five persons were killed near Texarkana from March 24 to early May, 1946. Two young couples were waylaid on country roads and a man was killed in his farm home by an assailant who shot and wounded his wife as she fled to a neighbor's home.

Washington county Sheriff Bruce Crider said Tennison, of Texarkana, Ark., ended his life by taking poison and left a suicide note reading:

"Way did I take my own life? You may be asking that question? Well, when you committed two double murders you would too."

The note mentioned the "Phantom Killer" as the slayer of five persons known at Texarkana. However, Sheriff Crider said it did not state:

"Yes, I did kill Betty Joe Booker and Paul Martin in the City park that night."

They were the second couple killed by the "Phantom" slayer.

States Righter Backs Truman

Sparta, Tenn., Nov. 5.—(AP)—A Tennessee Democratic elector who had pledged his support to the States Rights Democrats said today he will cast his vote for President Truman in the electoral college.

Malcolm Hill of Sparta said his decision was made after he received a telegram from K. D. McKellar, senior Tennessee senator who supported Truman.

Fear Red Invasion Of Nanking Area

Nanking, Nov. 5.—(AP)—The 1,000 wives and children of U. S. military personnel in China are being sent home and all other American civilians are being urged by the embassy to leave the Shanghai-Nanking area for fear of Communist invasion.

In addition, Vice Adm. Oscar C. Badger said in a news conference in Shanghai that he might shift some Marines from the Tsingtao base to Shanghai, "but only as a protective force."

Admiral Badger, commanding the U. S. Western Pacific fleet, said: "The Marines hold special status and can land on a foreign shore without constituting an act of war. They are recognized by international law as international policemen."

"We may have to bring some to Shanghai."

Czechs Supply Israel With Arms; Violate U.N. Ban

Washington, Nov. 5.—(AP)—The Czechoslovakia government has in effect turned down a State Department protest against arms shipments to the Palestine fighting areas, officials disclosed today.

The United States had requested that the flow of weapons from Czechoslovakia to Israel be stopped because, it contended, this violated a United Nations ban.

Government officials termed the Czech reply "vague and unsatisfactory" but declined to make public the official Czech position.

It was learned, however, that the communist-dominated Czech government had argued that the arms traffic was none of the affair of the United States.

The State Department on September 9 disclosed that it had asked the Czechs to halt the arms movement, saying it had received reports that American citizens were involved.

Consider Motion To Cancel Charges Against Roy Hull

Peoria, Ill., Nov. 5.—(AP)—A circuit judge asked today for comment on the motion of Roy P. Hull, Peoria county state's attorney, for dismissal of indictments charging him with malfeasance and soliciting a \$25,000 bribe.

Judge Henry J. Ingram did not indicate when he would rule on the dismissal motion.

Hull was indicted by the Peoria grand jury which also indicted Sheriff Earl P. Spauldinger and Charles Somogyi, Hull's investigator, on charges of "conspiracy and malfeasance in office." Spauldinger was indicted, also, for perjury.

The bribe-seeking charge against Hull was based upon testimony by intimates of the late Bernice Shelton, Peoria gang leader, that the state's attorney sought through an emissary to make a deal under which Shelton's charges were dropped against Bernice Shelton was slain July 26, a month after the alleged bribe solicitation took place. His slayer has not been found.

CB&Q Railroad, Illinois Commerce Commission Battle

Chicago, Nov. 5.—(AP)—A three-judge court today took under advisement the Chicago, Burlington and Quincy railroad's request that the State Commerce Commission be prohibited from ordering the road to restore two train runs between East St. Louis and Savanna, Ill.

The railroad has asked the court for a permanent injunction against the commission. A hearing on the petition was held in federal court before Judge Will M. Sparks of the U. S. Court of Appeals and Federal District Court Judges Walter J. LaBuy and William H. Raley.

The railroad withdrew the two trains last year to conserve coal, but the ICC later ordered the trains restored to service. The railroad, conceding restoration of the trains would result in financial losses, and that two other C. B. & Q. trains already serve the route, took the case to the federal court.

SENATOR FERGUSON Laughs Off CIO, AFL Union Threats

Detroit, Nov. 5.—(AP)—Senator Homer Ferguson (R-Mich.) termed "laughable" today an AFL and CIO threat to try to bar him from his Senate seat.

He was retorted Tuesday to a second term.

August Scholle, head of the CIO political action committee in Michigan, said the national organization would ask the Senate testing committee not to seat Ferguson until it looks into charges made against him earlier this year.

Sen. Thomas (D-Okla.) questioned the business dealings and connections of Ferguson and his family. The Michigan Federation of Labor also announced that it was asking Sen. Barkley (D-Ky.), the president elect to order a Senate investigation of the charges before Ferguson is seated.

FIVE CONGRESSMEN TO SOUTH AMERICA

Washington, Nov. 5.—(AP)—The House Foreign Affairs committee announced today that Rep. Chipfield (R-Ill.) and four other committee members will leave later this month on a trip to South America. The congressmen will make a general survey of economic and political conditions, and report to the full committee later on U. S. relations with South America. Assigned to go with Chipfield are Reps. Gordon (D-Ill.), Lawrence Smith (R-Wis.), Jarman (D-Ala.), and Jonkman (R-Mich.).

THIS IS HOW WE DO THINGS IN DEMOCRATIC AMERICA

"The ball game isn't over," sportscasters say a million times each year, "until the last man is out—or the final gun is sounded." Americans had occasion to think of this old cliché when they woke up on the morning after election, and realized that the expected landslide election of Thomas E. Dewey to the presidency had somehow failed to materialize.

Dewey was in, they had been assured by their commentators, their columnists, their poll takers and their barbers. Never before in history had so many words been written to support a foregone conclusion. And never before were so many predictions scrapped on the morning after an election. Some of the poll takers quit taking polls some months ago because the outcome was so obvious. (Some of them should have quit long before they did, it appears.)

But somehow the American voters didn't vote the way they told the poll takers they would. As to why they didn't—the columnists and radio-casters will spend the next several weeks, months and maybe years knocking out words of explanation. What will happen to the poll takers, nobody can be sure. We know what happened to the old Literary Digest, one of the original election forecasting agencies, when it missed by almost 100 per cent in its calculations. It folded.

But whatever the majority of writers and prophets thought, and whatever they told the voters, one fact remains. The American people, by a democratic majority in a free election, have expressed their preference for the Democratic Party and its standard-bearers. Whether they liked the Democratic platform better, whether they were opposed to the Taft-Hartley law, favored the European Recovery Program, or whatever, nobody can say for sure. Perhaps the pollsters will be able to find out.

Whatever their motives, their particular likes or dislikes, the American people can feel proud that they rendered a decision. And their decision will stick. Even the millions of people who campaigned and voted against the winners will fall in line and support their duly elected government.

There are countries where, if the fate of the government remained in doubt overnight as it did, in fact, during this election, the people wouldn't know whether to go to work the next morning. Not so in America.

Nobody with guns takes over our seats of government during the night. Even those officeholders who lost will continue at their same old stands for a couple more months.

That is the American way, just as it is the American way for free voters to name their men, and for all to support the winners once the returns are in.

Expect 700 4-H Club Members At Annual Achievement Program

The program for the annual 4-H club achievement day exercises to be held Saturday at the Times theater on East State street was announced Friday by officials of the Jacksonville Chamber of Commerce and Morgan County Farm Bureau, sponsors of the big event. Seven hundred boys and girls from all sections of the county will attend.

50th Anniversary To Be Observed By Jerseyville Couple

Jerseyville—Mr. and Mrs. William P. McClure, life-long residents of Jerseyville, will hold open house at their residence here Sunday afternoon from two to five o'clock. In observance of their golden wedding anniversary.

The wedding of the couple took place on November 10, 1898, in Alton. The celebration is being held on Sunday in order that relatives from a distance may attend.

The Rev. E. L. Spaulding, rector of the Cathedral in Alton, officiated at the wedding of Mr. and Mrs. McClure fifty years ago, and the attendants were Miss Elizabeth Boyd and John Ehret. The bride was Miss Catherine Dunphy, daughter of the late Mr. and Mrs. Patrick Dunphy of Jerseyville. Mr. McClure is electric one that removes even heat-resistant paint from wood or metal surfaces.

Tool developments include an electric one that removes even heat-resistant paint from wood or metal surfaces.

Morgan's Share Of Gas Tax For October \$6,740
Morgan county was credited with \$6,740 as its net share of motor fuel tax receipts for October, according to figures announced Friday by Mark A. Saunders, state director of finance. The money will be used for permanent highway improvements. Motor fuel tax allotments to other west Central Illinois counties include \$3,350 to Cass county; \$3,816 to Greene county; \$4,889 to Pike county; and \$1,558 to Scott county. The total allotment to all Illinois counties was \$1,338,038.

Sentenced To 6 Months At Farm
Jack Weaver was sentenced to six months at the Illinois state farm by Judge Fenstermaker in county court Friday morning, where on Oct. 25 the defendant was found guilty of uttering a check with intent to defraud. Weaver's motion for probation was denied.

Boyle's Column
Poor Man's Philosopher Polls The Pollsters
By Hal Boyle
New York — (AP) — The political pollsters say they are going to try and check into what's wrong with their polls.
This is a fine idea. But Noah didn't wait until after the flood to buy a rain gauge. He started building his ark in dry weather.
The pollsters presented in their selection forecasts what they termed a cross-section of America. But they must feel now it was a double-cross-section.
What America would like to see is a cross-section of a few pollsters. It shouldn't be hard to get. At that moment any section of a pollster is likely to be pretty cross.
Perhaps the most depressing aspect of the whole situation is the number of horrible puns that are springing up like dandelions. Such as:
"Now that the election is over we must all poll together."
"You can tell a politician's drowning if he grabs at any straw vote."
"Read, Wrong and Blue."
"It wasn't the donkey's back that was broken by the last straw vote."
"Barber poles are still red, white and blue—but the election polls were read, wrong and blue."
"The Republicans are still asking, 'Where's Elmer?'"
"Give a candidate enough rope, and he'll hang himself."
"Harry is the first president to lose in a Gallup and win in a walk."
Looking back, it would seem that the basic trouble with pollsters is that they reversed the radio programs by asking the \$64 question first. The only industry in which a man can safely start as the top is flapping sitting.
Could Loosen Up Voters
Perhaps the pollbooks of the polls would do better next time by asking a few warmup questions before the real campaign program begins. That way they could loosen up the voters and win their confidence before springing the pay-off query.
In the next four years, for example, they could practise up by tackling some old unanswered problems that never get settled in election years. A few samples:

Liter Baptist Aid To Send Christmas Gifts To Orphans

A Christmas gift box will be sent to children at the Baptist Hudson Home in Centralia by members of the Liter Baptist Aid.

Plans for this project, which is to take the place of a gift exchange among members, were made at the meeting held with Mrs. Carl Massey, Mrs. Brenda Beavers presiding over the meeting.

The pledge to the flag was led by Mrs. Irene Winger, Mrs. Stella Roach gave devotions, with Mrs. Lela Daniels offered prayer. The roll call

topic was "A Bible Verse of Thanks." Final plans were made for the baked chicken supper at the church Nov. 10. Mrs. Earl Underbrink of Jacksonville and Mrs. Walter Roach of Litchberry are in charge of ticket sales.

Mrs. Freda Mallicoat had charge of the program, the topic of which was "Thanksgiving." Mrs. Lela Daniels was winner of the contest. Refreshments were served by the hostess, assisted by Mrs. William Boston.

Guests at the meeting were Mrs. John Hunter and the Rev. William Boston.

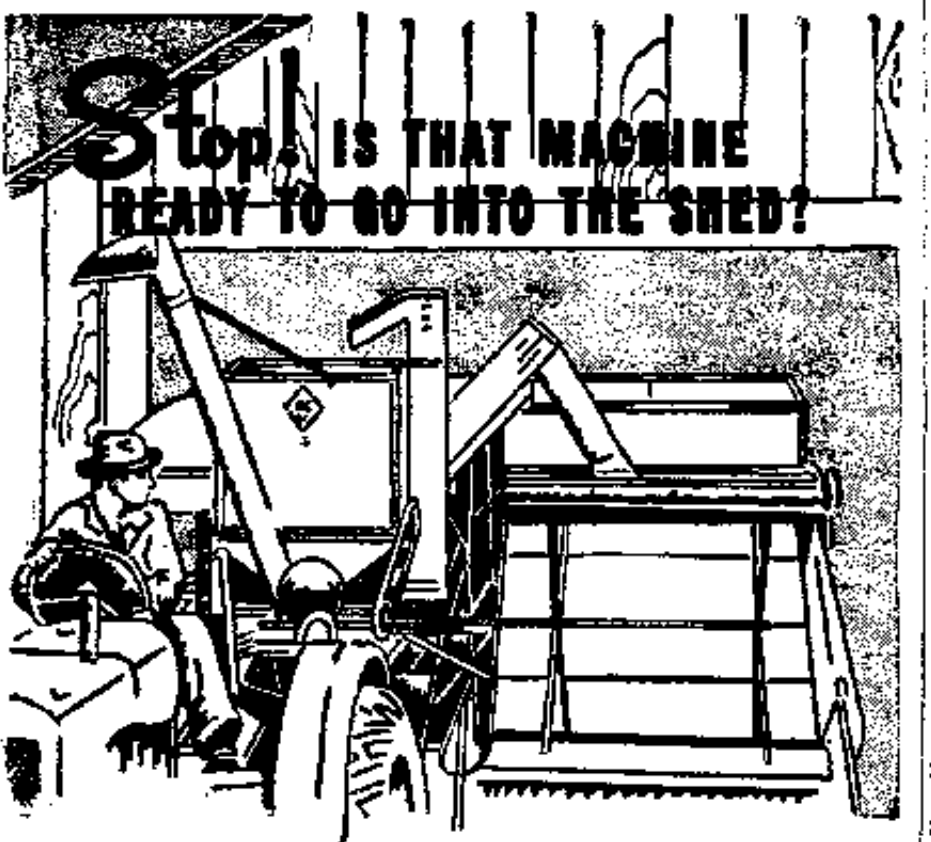

Tues., Nov. 9, Grace church bazaar, 2:30 p.m. Ham supper 5-7 p.m. Tickets, church office and Steinheimer's.

Honor Brothers For 'Heroism, Merit'

The high spot in Thursday evening's court of honor held at the Morgan county court house was the presentation of certificates issued by the national court of honor in recognition of "unusual action" on the part of two Jacksonville Boy Scouts.

The photograph shows District Chairman Edward D. Bargery presenting the Certificate of Heroism to James Lakin and the Certificate of Merit to his brother, Gailand Lakin.

To the left of Chairman Bargery is Joseph A. Smith, scoutmaster of Troop 106 sponsored by the Church of God. At the extreme right is James H. Lakin, 233 S. Main street, the father of the two scouts.

The certificate for heroism is seldom issued. It is the first ever received in the Honest Abe district. The awards came for the efforts of the brothers in the rescue of Robert Paul Clemens, who fell into the spillway of Lake Mauvasteure on June 7, 1947.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Nov. 5.—(AP)—Livestock prices were generally steady today, although butcher hogs moved up 25 cents a hundredweight during the trading session.

Most good and choice butchers' prices were between \$24.00 and \$24.50 and some from \$21.50 to \$23.50. Clearance of available supplies was completed early.

Little was offered in the slaughter cattle trade. Receipts included 700 stockers and feeders which were held for the Monday market. A few choice calf clubs brought \$38.00 and a short load of high-grade fed steers, made \$35.25. A short load of good fed heifers fetched \$31.50. Good cows sold up to \$22.00, bulls to \$23.50, and weaners to \$32.00.

Good and choice lambs took \$25.50 to \$26.00, yearling weaners to \$22.50, and ewes up to \$10.00.

Total receipts included 9,000 hogs, 1,800 cattle, 300 calves, and 3,000 sheep.

Hair Power Takes a Picture

Just by combing her hair, Eleanor Bencho took this picture of herself and her friend. A mechanism arranged by General Electric in Schenectady, N. GRAIN MARKET MOVES AHEAD NEAR CLOSE OF DAY'S TRADING

Chicago, Nov. 5.—(AP)—Grains had a little trouble today in trying to extend their post-election advance into the third straight session. But the market overcame some mid-day difficulties and pushed ahead toward the close, making gains of fractions to about a cent.

The mid-morning trouble came when speculators at New York took another tumble. That brought some sympathetic selling into cereals. Early gains in corn and oats were lost and early declines in wheat extended. The sell-off did not last long.

Corn showed the most strength all day. July and September wheat, very strong yesterday, were inclined to lag until the last half hour when they came ahead rapidly. Soybeans recovered from an early sell-off when trade reports said Belgium wanted cash beans.

Receipts were: wheat 12 cars, corn 455, oats 10, soybeans 84.

Wheat closed 2 to 1 cent higher, December \$2.90-1, corn was 1-1/2 higher, December \$1.41-1, oats were unchanged to 1 higher, December 79 1/2, soybeans were 1-1/2 higher, November \$2.55, and soybean meal was 1 cent higher, November \$19.22.

New York Stock Market

New York, Nov. 5.—(AP)—Another selling day rolled into Wall Street today and smashed stock prices to more than 6 points.

The plunge in quotations was almost as bad as in Wednesday's post-election market when the price level took the sharpest drop in two years.

The general public did most of today's selling, according to Wall Street quarters. The market was supported in part by investment and professional buying.

Prices held fairly steady until near midday. The tendency had been downward but losses for the most part were moderate. Then investors and speculators really let loose.

Orders came whirling into the floor of the stock exchange so rapidly for about half an hour the high-spirited ticker tape could not hold even with actual transactions. The lag at the close was 4 minutes.

When the dust cleared away, leading issues had been chopped down all along the line.

For another hour or more the

market stabilized at the lower level and at times even attempted a faint rally. In the final few minutes of business more pressure was applied and in some cases new lows for the day were established.

A substantial part of the offerings came from industrial areas in New York, Pennsylvania, Illinois, Michigan and Ohio, a leading wire house said. Selling by professional operators in the street appeared to be rather limited.

Pennsylvania Grid Clash Tops In Nation

New York, Nov. 5.—(AP)—The clash of two Quaker State football titans, unbeaten Pennsylvania and undefeated Penn State, gets the nod as the No. 1 big game of tomorrow.

But they're all big games now, because for it's November—the end of the season not far off and the lure of lucrative New Year's Day Bowl bids dangling high.

Most of the major college conference leaders find themselves tomorrow in all-out brawls in their own league backyards. The bowl scouts are in the stands, and a slip-up now will be just too bad for those entertaining visions of trips to warmer climes January 1.

18,000 Fans
While 78,000 fans Philadelphia's Franklin Field to see Penn and State wrangle for the first time in six years, other thousands of fans will assemble for important battles far and wide.

The intersectional slate is rather slim, with Stanford's invasion of Yankee Stadium for a crack at undefeated Army the day's major fray in that category. Off-flattered Navy goes into the Big Nine where Michigan plays a warm reception in an effort to get back in the No. 1 spot.

Notre Dame, which took the top spot and sent Michigan into runner-up in the poll by walloping Navy last week, should find Indiana little trouble.

Other Big Games
Aside from these prime engagements, other big games mostly are conference struggles that will play big parts in deciding divisional championships and bowl contenders.

Heading the backyard festivities is the clash between Missouri and Oklahoma at Norman for what could decide the Big Seven crown. Both have been beaten once, but not within the conference where they each have a pair of victories.

Kansas, however, might have something to say about this. The Jayhawks have won three league games to lead the pack, and meet both Oklahoma and Missouri after taking care of Kansas State next week. Kansas, which got to the Orange Bowl last January, is idle tomorrow.

Out on the Pacific coast, California and Oregon can't afford to ease up against conference rivals in their bids for a berth in the Rose Bowl. Oregon appears to have the toughest assignment, taking on Washington at Seattle, while the Golden Bears entertain "little brother" U.C.L.A. at Berkeley.

North Carolina Unbeaten
North Carolina, the No. 3 poll team puts up its unbeaten season against William and Mary at Chapel Hill, and is four clinching the Southern Conference crown. Tied for the top with the Tarheels is unbeaten Clemson, which has a date with Fur-

Army Favored Over Stanford By Twenty Points
New York, Nov. 5.—(AP)—Unbeaten Army meets up-and-coming Stanford in Yankee Stadium tomorrow and is rated to win by 20 points.

Fair weather was promised for the game that substitutes for the once electric Army-Notre Dame series, but a crowd of only 50,000-55,000 under capacity was indicated.

Stanford has both tradition and a squad that is gaining in momentum to throw against the Cats, now the fourth ranking football team of the land.

Army has never beaten Stanford. In their two previous meetings the Californians won 26-0 in 1928, and 34-13 the next year.

Although Stanford has lost four out of seven games this season, Coach Marchie Schwartz's team has improved steadily and last Saturday, led by fullback Emory Mitchell, overpowered Washington 20-0.

But Army's sensational young fullback, Gil Stephenson, is expected to have the final say tomorrow. An elusive, hard runner, Stephenson has been Army's best ground-gainer this year.

He will have Bobby Stuart in good shape to help him, with Arnold Galiffa primed for a forward pass attack, which Army has been shy about using so far.

This offensive combination, back of a big line with ample replacements, is counted on to carry Army past Stanford into its game next week with Pennsylvania.

This brings the total number of checks mailed so far to 391,199 in Cook county and 390,199 downstate with a total valuation to date of \$288,924,160.18.

Rank Jack Kramer Top Tennis Player In United States

New York, Nov. 5.—(AP)—Jack Kramer of Los Angeles today gained official recognition as the best professional tennis player in the United States.

He drew the No. 1 spot in the 1948 rankings of the Professional Lawn Tennis Association.

Kramer's selection came as a surprise to no one. In his first year in the play for pay game he has left no doubt that he is the best.

Behind Kramer in the rankings came Bobby Riggs of Altadena, Calif., the best in the business until big Jack came along.

The P.L.T.A. bracketed Don Budge and Frankie Kovacs of Oakland, Calif., in third position.

Waverly Smashes Divernon Eleven 38 To 0 Friday

Waverly—Coach Lyle King's Scot-ties put on their most gaudy offensive show of the season here Friday night to overwhelm Divernon 38-0 in an M.S.M. conference encounter.

John Burnell, Pon Peters, Elbert Mitchell and Ernie Turner led the assault on the visiting eleven, which was able to threaten only twice, once in the first quarter and once late in the game when Waverly reserves were in the lineup.

Waverly completely outclassed the startled opponents. It was the Scot-ties' second M.S.M. win this season. It didn't take the hosts long to get started. Burnell went around end to pay dirt on the third play of the game, ending in on a ten yard run. Later in the period Burnell went over again, this time on an eight-yard end run. Peters, who had missed a kick after the first touchdown, converted to give Waverly a 13-point lead.

Elbert Mitchell broke into the scoring column early in the second quarter, going off tackle 35 yards to cross the pay-off stripe. Burnell scored again late in the stanza on a 45-yard run. Peters again kicked one out of two tries.

Turner opened scoring in the second half on a four-yard plunge after a series of running plays had moved the Scot-ties into scoring position.

The longest scoring run of the game was made by Burnell later in the third quarter. He went 66 yards off tackle. Peters missed both conversion attempts.

Divernon moved to the two-yard line in the first quarter, but a fumble halted the advance.

Scoring by quarters:
Waverly..... 13 12 12 0-38

Man Accidentally Slain By Detective Firing On Bandits

Chicago, Nov. 5.—(AP)—A young taxicab driver was accidentally shot to death early today by a detective who was firing on two fleeing burglars.

A ricocheting bullet from the gun of Detective Martin Mendelovitz struck William Smith, 21, as he stood in front of the Illinois Bell Telephone Company building at 212 West Washington St. Smith died two hours later.

Mendelovitz said he was on the "go" work when his companion, Frank Catana, a truck driver, noticed two men breaking into a shop at 316 West Washington. The detective said the men ran to a nearby car and started away but that he followed and fired several shots as they sped away.

Ready For Iowa

Athletic Director Spike Wilson and Quarterback Billy Yates of the undefeated Illinois School for the Deaf football team talk over Saturday afternoon's contest against Iowa Deaf with Coach Art Yates.

The Tigers have gained considerable publicity on the strength of the six-game victory streak. Their mentor, Yates, was named coach of the week by the United Press.

Quarterback Yates, who acts as captain, calls plays by "sign language," but is able to talk to and understand officials, coaches—in fact, anyone.

Crimsons Crush Havana 21-0 Friday Night

Havana — Jacksonville high school's Crimsons, their offense stalled repeatedly by penalties still had little trouble in chalking up a 21-0 victory over the Havana eleven here Friday night.

A bit ragged after a two-week lay-off, the main claim to fame of the visiting aggregation was their ability to gain over the ground and their strong defense.

Hold Three Times
Three times during the game the Crimsons stopped Havana solid for four consecutive downs. Each time the ball was deep in J.H.S. territory. The third time that Jacksonville held, a J.H.S. lineman broke through on fourth down to drop a Havana runner for a five-yard loss.

The Crimsons showed ability to rack up 10 to 15 yards gains on running plays practically at will, but 15-yard noddies penalties seemed to pop up almost every time a first down was attained.

Stan Spotts again led the Jacksonville assault, although Gene Todd and John Wintars also broke into the scoring column. Johnny Walker racked up several nice punts, too.

Passes Don't Work
Jacksonville's aerial offense never clicked. In fact, an interception by Havana gave the Ducks the ball deep in J.H.S. territory with the Crimsons on top only 7-0.

The visitors totaled 10 first downs compared with five for the home team. However, Jacksonville lost 80 yards by penalties to 15 for the hosts.

Two Jacksonville linemen, Bunch and Runkel, were injured and left the game, but the extent of their hurts was not known immediately. Jacksonville kicked to Havana to open the game and held the Ducks without gain. Spotts returned Havana punt to the Jacksonville 42 and the Crimsons immediately launched a scoring-drive which moved the ball to the one-yard mark on a series of straight running plays. Todd went over on a quarterback sneak and Spotts added the extra point on an end-run.

In Bad Spot
An intercepted pass and a fumble had Jacksonville in hot water for much of the second quarter, but two fine stands by the J.H.S. forward wall shut off Havana hopes for a touchdown.

Spotts and Whitacre combined their running skill on reverses and fake reverses to move the ball to the Havana 35 early in the third canto. Whitacre then took the ball on a reverse, cut back through tackle and dashed 35 yards to the end zone. Spotts scored the extra point on a buck lateral.

A Havana punt on their own 41 gave the J.H.S. club the ball early in the final quarter. After Spotts had gone about 15 yards on an end-run, he took a buck lateral from "Pee Wee" Campbell and went 25 yards to pay dirt. He planned for the third extra point.

Woman Abducted By Five Men But Released Unhurt
Chicago, Nov. 5.—(AP)—A woman was kidnapped by five robbers today, but released unharmed 15 minutes later.

The gunmen accosted Mrs. Helen McGovern, 32, a food store clerk, and Leonard Kosteki, 45, manager of the store, as Kosteki was escorting her home. They had worked late at the store.

The robbers took \$20 from Kosteki and knocked him down. After forcing Mrs. McGovern into their car, they took her purse which contained \$25 and demanded the combination of the store safe.

She told police the men released her in a north side alley after she told them she did not know the safe combination.

Lewis To Inspect U. S. Armed Forces
Washington, Nov. 5.—(AP)—John L. Lewis is going to inspect the Army, the Navy and the Air Force.

Secretary of Defense Forrestal said today the mine chief is among 34 civilian leaders who accepted invitations to see how the armed forces operate.

After attending a five-day seminar starting Monday at the Pentagon, the group will observe two-day field demonstrations at the Naval Air Base at Pensacola, Fla., the Army installations at Ft. Benning, Ga., and the Air Force base at Elgin Field, Fla.

HIT-BLN VICTIM
Eldorado, Ill., Nov. 5.—(AP)—A road construction worker was injured fatally late yesterday on route 45, two miles south of here by a truck which failed to stop. The victim, Troy Kneipp, 18, Harrisburg, was breaking off pavement with an air hammer when struck. State police Sgt. Murray Stinson said he did not believe the trucker knew he had struck anyone.

Roodhouse Drops Pleasant Hill In Grid Tilt

Roodhouse—The Roodhouse prep grid machine had everything its own way here Friday afternoon when they downed the Ivy League cellar-dwelling Pleasant Hill crew by a 28 to 0 count.

The initial Railroaders tally came in the first eight plays after the home team had received the visitor's kickoff. Ballard tossed a ten yard aerial to Scott for the marker, then plunged to gain the extra point.

Later in the first quarter Roodhouse scored again when Pleasant Hill fumbled on the host's 12 yard line, and Garner juggled the leather around right end to score in one play. Ballard plunged for the point after touchdown.

The second quarter was a replica of the first with the Railroaders' smashing attack paying the way to two more counts, one on a 35 yard gallop by Ballard on an off tackle smash, and the other on a pass from Ballard to Benner with the full-back again plunging for the extra point.

The second and third teams of Roodhouse fought the visitors to a scoreless tie in the last half chalking up the second Railroaders victory in six starts this season.

Toney Penna Wins North, South Open Golf Tournament
Pinehurst, N. C., Nov. 5.—(AP)—Toney Penna, smiling, happy-go-lucky little Cincinnati professional, came from nowhere to win the \$1500 (no prize money in the 46th North and South Open Golf tournament today.

Overlooked while the big-guns of golf tried to tear the long No. 2 course at the Pinehurst Country club apart, Toney played steady and improving golf to card a 72-hole total of 265, three strokes under par for the distance.

The 40-year-old Penna started today's 36-hole final four strokes behind the leaders and finished two strokes in front after firing a pair of 20s, each two under par.

Slamming Sammy Sneed of White Sulphur Springs, W. Va., the favorite of the galleries, and Julius Boros, husky Bridgeport, Conn., amateur, tied for second place at 287 after each had blown a chance to take the undisputed lead. The leaders at the halfway point, Clayton Heikner of Charlotte, N. C., and Hubert of Northville, Mich., finished in a three-way tie for the next spot with Amateur Frank Stranahan of Toledo.

Anti-Gambling Crusade Called 'Publicity Stunt'
Moline, Ill., Nov. 5.—(AP)—The anti-gambling crusade of two women was described as a "publicity stunt" yesterday by a police magistrate who fined five of their victims a total of \$800.

The campaign has been waged since Oct. 5 by Marie Van Meule-bruck, 25, and her mother, Helena, in support of their campaign for contributions to a fund with which to build an animal shelter. They sought contributions from tavern owners who refused. In reprisal, the women filed several complaints that the tavern owners were operating slot machines.

Five of their victims appeared yesterday in the court of Magistrate Lawrence Bobb. He fined four of them \$100 each and another \$200 for illegal possession of the machines. The \$200 fine was on two complaints, one filed by Marie, the other by her mother after the girl was jailed.

Magistrate Bobb said the women are "publicity hungry" and that usually they have no objection to gambling. They obtain \$7,499 which they use to purchase a lot and build the animal shelter.

Murray Announces CIO For Entirely New Labor Plan
Washington, Nov. 5.—(AP)—CIO President Philip Murray today vetoed President Truman's "com-plete reorganization" of the Labor Department.

When questioned whether he expects the repeal of the Taft-Hartley act by the new Democratic congress, Murray replied:

"I hope, now that the people have spoken, it will be."

He emphasized he had not discussed these things with Mr. Truman in their 20-minute private conversation.

"I just extended by compliments to the president on his election and that's all," he said.

Murray said he believes congress should return to the Labor Department, skeletonized by the Republican 80th Congress, all the services which were taken from it. These should include, he said, the conciliation service, now an independent agency, and the U. S. Employment Service, now part of the federal security agency.

Carthage College Edges Augustana
Carthage, Ill., Nov. 5.—(AP)—Carthage College scored a 6-0 Little Nine victory over Augustana tonight, marking the third time in the history of the two schools' football rivalry that the Redmen have won.

Dick Zima plunged two yards for the winning marker to cap a 45 yard drive in the first period. The nearest Augustana came to the payoff zone was in the third when it penetrated to the eight yard line before being held for downs.

The game ended Carthage's conference season with two wins and three losses.

TRUMAN ORDERS CONTROL OF WATER POLLUTION
Washington, Nov. 5.—(AP)—President Truman today ordered all federal agencies to cooperate with state and city authorities in the control of water pollution. His executive order would require army camps, naval stations, and other federal installations to dispose of sewage and refuse in conformity with state anti-pollution laws.

AND-HE DIDN'T SECOND GUESS
Charleston, W. Va., Nov. 5.—(AP)—President Truman was not entirely alone in believing he would be re-elected.

On October 23, about 10 days before the election, West Virginia Democratic chairman Ernest L. Bailey wrote out his forecast, sealed it in an envelope, and put it in a safe.

Fish are not inclined to bite hum-mingbirds, but are likely to be repelled by their strange appearance.

IC Blueboys On Road For CCI Test Against Lake Forest's Eleven

been on a "no contact" diet for the better portion of two weeks of re-training. David Early, Hood's running mate, suffered a bad cut on the inside of his lower lip during the Indiana game, but is back and ready to go.

I.S.D.'s fine showing this season is gaining them increasing prestige. Coach Art Yates was chosen as United Press coach of the week Tuesday and the team now boasts one of the few unbeaten, united records in Illinois—the only one in this area with the exception of the Pittsfield high school Sakers.

Play Four Deaf Clubs
Illinois has the only deaf school in the United States playing four other deaf teams (this season). The Tigers have licked Minnesota, Indiana and Wisconsin and need only a victory over Iowa to complete a clean sweep. That is the reason that I.S.D. fans feel they should bid for the national title.

Comparative scores don't give the westenders much of an advantage this week. They licked Minnesota 18-0, while Iowa also downed the northern school, but only 14-13.

Illinois college coaches still haven't their regular strong backfield to put on the field for the game against strong Lake Forest, loser only to Wheaton in conference starts.

All Wilson definitely will not play. His foot is still swollen and he'll be kept on the sidelines in anticipation of mustering full power for a win over Elmhurst a week hence.

Billings Question Mark
Question marks have been placed behind the names of Joe Hill and Dave Billings. If they play, it probably won't be for long. And their efficiency probably will suffer.

Hill has been equipped with straps for his injured shoulder and will probably run several plays on offense.

Backfield starters will likely include two regulars, Quarterback Bob Groves and Fullback Bill Groves. Groves was the only member of the "first five" surviving the Wesleyan tilt in good shape. Groves played last week also, but is still handicapped by a bad leg bruise.

George Florence is evidently last from the line. He has a rib injury which has caused considerable concern.

With the exception of Florence, Coach Joe Brooks will be able to field the same line which performed so ably against Wesleyan. That includes Charles Due and Don Longner, ends; Jim and Sam Spink, tackles; Paul Lesley, guard; and Ray Paxton, center. Bill Matthews will be the other guard.

Bob Scheller and Ed Ryan will complete the backfield.

Jerseyville Licks Greenfield Club 27-12 Friday

Greenfield — Jerseyville's power-packed grid machine rolled to its fifth Illinois Valley conference decision of the season here Friday night, beating a battling band of Greenfield Tigers 27-12.

Although the Panthers held a safe lead most of the way after getting their second touchdown, the home team, playing before a homecoming throng, continued to fight back and make a game of it from start to finish.

The tilt was just 10 minutes old when Bridgewater went around end 15 yards to give the visitors their first touchdown. Ralph Bailey added the point.

In the second quarter Ball clipped off 45 yards in near-record time to give Jerseyville another marker. Bailey added another point.

Greenfield kicked to open the second half, and Bailey toted the pick-skin 75 yards to the end zone. Tucker blocked the kick on the try for extra point.

Greenfield came back strong and staged a sustained drive to move to their first count. Owens went over from two yards out, but Turner's kick on the extra-point try was not good.

Jerseyville bounced back later in the game came to score on Bridge-water's 30-yard scoring dash. Bailey added the point. The Tigers scored the only marker in the last period. Owens again went over, this time from 10 yards out. Tucker's kick was not good.

The hosts were handicapped by the loss of Nifong, one of their offensive standouts. Nevertheless, Greenfield led in first downs.

Scoring by quarters:
Jerseyville..... 7 7 13 0-27
Greenfield..... 0 0 6 6-12
Officials: Paul Stewart, Alton, referee; Earl McLean, Roxana, umpire; Savage, Jacksonville, head linesman.

Northern Illinois State Gridders Blast Western

Macomb, Ill., Nov. 5.—(AP)—Northern Illinois State scored in every quarter but the third tonight to smash Western Illinois State 14-0. The win was Northern's second in four Illinois intercollegiate athletic conference games. It was Western's second defeat in three starts.

Bob Brigham scored twice, in the first period on a 15 yard run and in the fourth on a four yard smash after Northern had recovered a blocked punt on Western's 17.

Floyd Hunsberger galloped 12 yards in the second quarter for another touchdown. Gene Buda failed to connect on three conversion tries.

FRENCH RACEHORSE DIES ENROUTE TO U.S.
London, Nov. 5.—(AP)—Dielal, four-year-old French racehorse recently sold to an American syndicate for \$225,000, died aboard a plane tonight on the first leg of a flight to the United States.

An official at Bovingdon airport, where the plane landed, said Dielal "had a rough time in the air and actually killed himself."

Dielal was sold to the U.S. group by Marcel Boussac, a leading French owner.

Waltz into Darkness

THE STORY
Time, 1880. Place, New Orleans. Louis Durand, 27, a well-to-do bachelor, has been corresponding with Miss Julia Risch, whom he has never seen. He has proposed marriage and she has accepted. According to her picture, Miss Risch is dark-haired, strong-featured and an innocent young girl. Durand goes down to the dock to meet the boat that is to bring her from St. Louis. He is dumfounded when an exquisite young blond creature introduces herself as Julia. She explains her little device by saying that she didn't want him to fall for just a pretty free-trader. Durand is enchanted with her and they are married. Two things guide him, however, during their first days together. Julia drinks coffee, although her letters said she drank tea. And her complexion alternates mysteriously between flush and pallor.

COMFORTABLY engrossed in his newspaper, he was vaguely aware of Aunt Sarah somewhere at his back, engaged in some household task. Presently he heard her come to a halt and click her tongue ominously, and surmised by that she must have at last reached the point at which Julia's enigma, Dicky Bird, hung suspended in its gut cage close beside the window.

"How my pretty!" she wheedled. "Huh? Tell Aunt Sarah. How my pretty bird?"

There was a feeble monosyllabic twit from the bird, no more.

"You can do better than that. Come on now, perk up. Lemme hear you sing."

There was a second faltering twit, little better than a squeak. The old woman gingerly thrust her finger through the bars, apparently with the idea of gently stroking its tiny feathers.

As though that slight impetus were all that were needed, the little yellow tenant promptly fell to the floor of the cage. He huddled there inert, head down, blinking repeatedly. Otherwise he gave no sign of life.

Winchester—The public is invited to attend the style show, under the direction of Alma Mullen, fashion department head of the Montgomery Ward Co., to be presented Tuesday afternoon at 2 o'clock at the Scott County Federated Women's club meeting at the Winchester Legion hall.

Mrs. Mullen, who will announce her show, has had wide experience in buying, selling and displaying merchandise. The models for the event will be Lucille Coulas, Regina Conklick, Millie Hill, Genevieve Robertson, Jessie Riggs and Dee Cobery. Music will be furnished by Georgia Smith.

The refreshment committee includes Mabel Harper, Patsy Barnett, Amy Runk, Permelia Herdy and Lillian Coulas. Members are asked to plan to attend the program.

Beta Sigma Phi Chapter Initiates Pledges At Dinner

The initiation banquet of Gamma chapter, Beta Sigma Phi, was held Thursday at Hamilton's, with the Xi Alpha Upsilon chapter present. The educational director, Miss Janette Powell, read the ritual to five pledges: Miss Betty Cobb, Miss Claire Wuebbold, Mrs. Francis Angel, Mrs. Gordon Lemme and Miss Valda Strand, and one honorary member, Mrs. Marian Chase Schaeffer.

Mrs. Sidney Meseman, a transfer member from Zeta Nu chapter, Quincy, Ill., was unable to attend the meeting.

The initiation service was followed by a banquet with the president, Mrs. Ralph Whitner, presiding. The table was decorated with yellow roses, white chrysanthemums. The highest toast was made by Charles Vieira, Mr. Vieira's wife, Helen, is vice captain of the chapter. The favors were colorful wishing wells.

The program, which carried out the wishing well theme, included a "Welcome" by Mary Margaret Whitner; "To the Pledges," Helen Vieira; "To Wish You Well," the pledges; "A Wish Come True," Marian May; "Let's Keep on Wishing," Marian Chase Schaeffer; the song of Beta Sigma Phi, by Doris Hopper and the closing ritual.

Following the program, the pledges and honorary member were presented with crested lapel pins and one yellow rose. The roses were sent to Mrs. Jack Frisch, Mrs. Roy Lamb and Mrs. William Murgatroy, members who were ill and unable to attend. Mystery gifts were revealed and gifts were given.

Members present were the Misses Janette Powell, Dorothy Crabtree, Edith Rayle, Mary Wolfe and Nancy Wood and the Mesdames Elbert Brasel, Richard Denny, Jack Hamilton, Ralph Heiss, Edward Hopper, Merle Ingels, John May, Frank Moffitt, Eula Ryan, Fenton Sparger, Thomas Strub, Betty Tenner, Charles Vieira, Merle Wade and Ralph Whitner.

The next regular meeting will be held Monday, Nov. 8, at the home of Mrs. Jay Hamilton, 605 W. College avenue.

Services Saturday For C. J. Wilson

C. E. McClellan Services Sunday; Died In France

The remains of S. Sgt. Clarence E. McClellan, who died of wounds head of the Institute of Design in Chicago, was awarded the honorary degree of Doctor of Fine Arts by the college, Dean W. S. Dyringer presiding. Mr. McClellan read the citation and presented the diploma and hood. This event was the second part of the Fine Arts conference, now being held at MacMurray.

For the occasion Mr. Chermayeff gave an address entitled "Art and Liberal Education." He stated as his conviction that education, which should integrate art and life, has actually separated the two, and has produced in our industrial civilization a generation of spectators who "see with their ears."

We have lost the ability to see at first hand, he thinks. We accept the definitions and opinions of the others. We read reviews, digest and criticisms, but do not go to original works. We accept substitutes, because thinking and looking is too difficult.

Mr. Chermayeff defines art as the stage reached when the use of implements invented for necessity, such as communication, is carried out in a purposeful way and transcends the merely functional. Thus art is a combination of intellectual, emotional, and sensual elements. But too often education, with its fixed on the dim corridors of the past, has taught us that art is exact reproduction of objects, or that it is "creative beauty" (what-ever that may mean), or that it is fixed in forms and universally understood.

"Entirely False Premises"

"These are entirely false premises, the acceptance of which makes for inflexible dogmatism. The truth is that art is not static, but flexible and dynamic, and must differ in time, space, and form," the speaker asserted.

Wilbur Sheridan played the march from "Occasional Oratorio" for the academic procession and the "Recessional March" of Gounod. Henry Busche conducted the College choir in an a cappella rendition of the "Kyrie" by Antonio Lotti.

Ebenezer W.S.C.S. Vote To Support Methodist Fund

Mrs. Floyd Hess gave a paper on conditions in Alaska at the meeting of the Ebenezer W.S.C.S. held Thursday afternoon with Mrs. J. Edgar Martin, 138 Sandusky street, Mrs. Ella Blackburn and Mrs. Anna Sentz were the assistant hostesses.

Mrs. Charles Bremer presided. Mrs. R. A. Gates led the prayer and Mrs. W. Brock Martin led devotions commemorating the Week of Prayer.

During the business session the women voted to pledge \$200 to the United Methodist Movement fund. Roll call was answered by giving "A News Story About the Church."

The Rev. W. Brock Martin gave the closing prayer. Guests included Mrs. Marshall Panning, Mrs. Edna Laughery, Mrs. Blackburn, Mrs. Willard and the Rev. and Mrs. W. Brock Martin.

Refreshments were served, with Mrs. Charles Bremer and Mrs. Martin presiding at the beautifully appointed table.

Speech Teachers Continue Program At MacMurray

Many problems and achievements in the field of speech were discussed by the members of the Illinois Speech association in their annual meeting which began Friday afternoon at MacMurray College.

Roll call was answered by the public school section, with Miss Elma Spikard and Miss Mary Blackburn, of Peoria and Granite City, high schools, leading the program. The discussion of the problems and standards of production for secondary schools. One question of interest was the relative merits of the special class play and the all-school play.

Chairman Paul Crawford of Northern Illinois S.T.C. opened the discussions in the college section. The initial speaker Dr. Glen Mills of Northwestern University, gave an interesting talk on the plan, in operation in several colleges and universities, whereby all the various elements of communication—reading, writing, speaking, and listening—are presented in an integrated course.

Howard Hanscock, director of radio at MacMurray College, concluded the program with a demonstration of wired-radio broadcasting with the assistance of the staff of the College station, WMMC. On display were samples of scripts, files, and libraries and the handbook WMMC Presents, which was produced by the staff and which is now being used throughout the country by other college wired-radio stations.

The speech correction section visited the School for the Deaf, where they gave a talk on the school program. Mr. Thomas E. Kline, assistant superintendent, took the visitors on a tour including the primary oral department and the acoustic department. Teachers at the school gave them a class demonstration of teaching methods for pre-age children and of the use of hearing aids.

The regular monthly meeting of Court Our Saviour, Catholic Daughters of America, was held Thursday evening in the Knights of Columbus Hall. Miss Resa Walsh, Grand Regent, presided and reports of the various committees were given. Miss Walsh invited all members and their friends to attend the "Share the Faith" group conducted by Father John Morris the third Thursday of every month at the E. of G. Hall.

Following the business meeting refreshments were served.

Hostesses for the evening were Miss Max Sherry, chairman, Miss Emma Bergsneider, Mrs. Elsie Bergsneider, Mrs. Ann Fernandez, Mrs. Elizabeth Hoffmann, Mrs. Agnes Hines, Mrs. Teresa Dolan, Mrs. Margaret Perry, Mrs. Mae Doolin, Miss Minnie Keating, Miss Margaret Keating, Mrs. Lucille Rodems, Mrs. Marie Scholas, Mrs. Rose Loberg, and Mrs. Henderson.

Ladies Aid Elects At Chandlerville

Chandlerville—The election held at the meeting of the Ladies Aid of the Salem church Thursday afternoon resulted in the selection of Mrs. Fred Wainfield as president; Mrs. Arthur Tucke, vice president; Mrs. Eugene Vaughn, secretary, and Mrs. J. H. Scott, treasurer.

At the business session, led by the president, Mrs. Oscar Grab, reports were read and approved and plans were made for a bazaar and food sale. Papers on "Mary, The Mother of Jesus" were prepared and read by Mrs. Fred Wainfield, Mrs. Elmer Jurgens and the Rev. Harvey Michels.

The annual conference of District 146 of Rotary International, comprised of 42 clubs in Illinois cities, will be held in Jacksonville on March 28 and 29, according to announcement Friday by District Governor Joseph Hobbs of Manito, Ill. Between 500 and 600 Rotarians will gather in this city for the sessions.

'Open House' At Jacksonville High Tuesday Evening

All parents are invited to attend the Jacksonville high school "open house" to be held Tuesday evening at 8 o'clock for freshmen and their parents. Freshman "open house," which is held each year during American Education Week, enables parents to become better acquainted with the teachers and the school.

The meeting will start with a short program in the auditorium, which will include an accord solo by the Veinla Vieta; numbers by the freshman chorus, under the direction of Miss Hopper and Miss Smith, with solos by Kenneth Wright and Virginia Crawford; selections by a vocal trio which includes Judy Kurtz, Marjorie Carter and Virginia Crawford, accompanied by Mrs. Horton; numbers presented by the J. H. S. band, directed by Mr. Welch; an introduction of class officers by Larry Meyer, president; an introduction of freshman advisers by Mr. Agger, principal, and a talk on dental health by Dr. Francis Angel.

After the program refreshments will be served in the gymnasium room. At this time parents will have an opportunity to meet the teachers and inspect the school.

Beginning at 10 o'clock the program will open with a flag ceremony, conducted by Troop 3.

First year Scouts from Troops 31, 21, 35, 24, and 42 will be recognized in a Flag-Up Ceremony, and receive their Wings from Mrs. Harold Ludwig, of the local Girl Scout Council.

The second part of the program will be a Troop Song Contest, in which the Intermediate troops will participate.

Mrs. Arthur Samore, Mrs. Ray Johnson, and Mrs. J. Emmet Barton will be the contest judges. A plaque will be presented to the winning Troop.

The program will close with a treat of the colors. The Girl Scouts are affiliated with the Morgan County Community Chest.

Peoria Journal Cancels Gallup Poll Feature

Peoria, Ill., Nov. 5.—The Peoria Journal today cancelled the Gallup Poll, a regular feature of the paper for at least 15 years, because, the editor said, readers "could not have faith in any Gallup poll findings from now on."

In an article appearing in today's editions of the Journal, Editor Henry P. Slane said he had received a telegram from Dr. George Gallup, director of the American Institute of Public Opinion, which distributes the Gallup poll. The telegram, Slane said, read:

"This is the kind of close election that happens once in a generation and is a nightmare to poll takers."

"We agree," today's article in the Journal said, "that it was the type of election that happens rarely, but we believe the Gallup poll, had it been properly evaluated, should have told us it was going to be such an election. Failing to do that, the Gallup poll has failed to achieve its purpose, which is to properly forecast such results. Therefore, it is being cancelled today."

The flowers were cared for by Maude Drake, Flora Koch, Mrs. Newton Moss, Mrs. Ted Rutherford, Mrs. C. E. Lueragard, Mrs. Harold Kitchin and Mrs. Ben Cully.

The casketbearers were Ben Cully, W. W. Henderson, Austin Patterson, Harry Hubbard, Otis Mason, C. E. Loneragan, Newton Patterson, Harry Hubbard, Otis Mason, C. E. Loneragan, Newton Moss and Ted Rutherford.

Burial was in Diamond Grove cemetery.

The program, with the theme "Peace Is My Responsibility," was arranged by Mrs. P. J. Joy, chairman; Mrs. Alden Allen, Mrs. Verne Smith and Mrs. Andrew Detmer. During the meeting four "Pack-a-Towels" gifts were dedicated and almost \$17 was collected.

Mother Of Local Woman Dies; Was 102 Years Old

Mrs. A. W. Rayle, 716 W. Douglas avenue, has received word of the death of her 102-year-old mother, Mrs. Augusta Rufus, at the home of her son, H. A. Rufus of Tulsa, Okla. Mrs. Rufus, who was born July 11, 1846 in Berlin, Germany, was married July 4, 1871, to Christian W. Rufus. She resided in this community until the death of her husband in 1913.

Other children who survive are Mrs. John Willerton of Tulsa, Ill.; Albert Newman of Salida, Colo.; Mrs. Elizabeth Coker of Patterson, Ill.; and C. W. Rufus of Salem, Ill.

The body will be brought to the Cody and Son Memorial Home, where funeral services will be held at 2:30 p. m. Monday. Burial will be in the Jacksonville cemetery.

The family will meet friends from 7-9 p. m. Sunday at the Memorial Home.

Tuberculosis Ebbs, But Still Major Health Problem

Tuberculosis is a community problem which should be combated by every agency interested in public health. Ben Kinnigham, executive secretary of the Illinois Tuberculosis Association told members of Rotary during their regular meeting Friday noon.

The speaker, a resident of Springfield, pointed out that while the death rate from tuberculosis has been greatly reduced during the last 40 years it is still a major health problem. The association which he represents is an independent group supported solely by the sale of Christmas seals. Its function is to coordinate and encourage the work of the various agencies fighting the disease.

Farm organizations and veterinarians should be given special credit, Kinnigham said, for their work in stamping out TB in cattle. There is some danger now, he added, that the humans with the disease may be infecting cattle.

The speaker stated that figures now being compiled in Springfield show Morgan county to be below the state average in the number of TB deaths and new cases.

Dr. Walter Reinking, of Oak Lawn sanatorium, introduced Kinnigham.

Speaker Calls Theatre A Backward Art Today

By Pat Bradley
Robert Edmond Jones, noted theatrical designer, today evening brought to a close the three-day Arts Conference sponsored by MacMurray College, with his lecture on "Why We Have Theatres." He spoke at the Jacksonville high school auditorium.

A good-sized crowd was in attendance to hear Mr. Jones, who was introduced by President C. P. McClelland. The force of the speaker's magnetic personality was immediately evident as he at once captured the interest and attention of his audience.

Poetic, Imaginative Sense
Completely omitting the mechanical and scientific aspects of the theatre, Mr. Jones dealt with the poetic and imaginative sense that is so vital in the theatre today as it was in the past. He said, "In the last 25 years there has not been one single new creative impulse in any branch of the theatre."

"We must come to realize that the theatre is an art—but today it is a backward art. We are not using in it the techniques of our own day. Men's own soul is undergoing powerful changes as a result of the great new forces in the world—yet there is not a trace of this change in the theatre."

Mr. Jones went on to explain the necessity of perception and imagination in the creation of a living art. "The subject of the theatre is the heart and emotions, and this never changes. But the manner of expression changes continually. We, as Americans, tend to avoid experience. Our emotions are in our infancy. Hundreds of people are living a full, completely happy existence with no inner experience at all. There is nothing the matter with this vegetative pattern," Mr. Jones concluded, "except that it doesn't make good theatre. Our trouble is Christmas seals. Its function is to not that we do so little, but that we have small dreams."

"Why do we have theatres?" Mr. Jones asked. "To be reminded of man's glory of his being and becoming. To be reminded 'What a piece of work is a Man!'"

"Where The Wind Blows"

Things we as individuals can do. Mr. Jones pointed out, "to get the theatre on the mountain top where the wind blows," include a frank realization of the fact that the theatre is an art and a backward art, and a realization also that many great artists have looked at it. The art of the theatre, he went on, is the art of the living of life. It must be one with an excitement that is self-generated. Without the grand, extravagant emotions which are the life blood of theatre, theatre sickens away into show business."

Dramatic sketches from Plato and Shakespeare proved the speaker's ability not only as a lecturer but as a dramatist. A sense of poetic realism combined with a sincerity and simplicity of purpose to make Mr. Jones' address a memorable experience for all who heard him.

Brussels Alliance To Prepare Draft Of Atlantic Pact

Paris, Nov. 5.—The Brussels alliance will begin next week the outline and perhaps the actual drafting of a proposed North Atlantic pact with Canada and the United States. British and French sources said tonight. The object is to have the treaty ready to submit to congress in January.

This development followed the disclosure that the United States already has re-equipped three French divisions in Germany from surplus material. The Russian-licensed press in Berlin termed this action the implementation of a new "Truman doctrine for France," a reference to American military aid for Greece and Turkey to prevent the spread of communism.

His American, British and French commanders in Germany will confer this week-end with Field Marshal Lord Montgomery, chief military planner of the Brussels alliance, to map strategic plans for European defense, dispatches from Frankfurt reported.

BETA SIGMA PHI CHAPTER HEARS HISTORICAL PAPER

The regular business meeting of the Xi Lambda chapter of Beta Sigma Phi was held Wednesday at the home of Mrs. Lowell Dodson in accordance with the recent decision to hold all meetings in the homes of members. At the session conducted by the president, Mrs. Don Guy, plans were discussed for rummage sale and a report was given on the benefit show ticket sale. Mrs. Guy announced that the society council made a donation to the Community Chest.

Mrs. Dodson presented a program on "Historic Jacksonville" and her description of the city, from its founding to the 1925 Centennial, included the stories of many historical characters who spent a part of their lives here. The chapter's course of study for the entire year is "Planes of Interest in the United States."

The attendance prize was won by Miss Ina Stewart. The next party will be held Nov. 15 at the home of Mrs. Ralph Florenz.
